

*We have purposely set the attendee price low for this very unique event. Sponsorships will help cover costs that will make the event accessible to a wider range of participants (e.g., offering 50% off for students). Janusz Bryzek believed strongly in incorporating all ideas, and advocated strongly for student participation and partnerships between business and academic institutions. Any funds remaining from the conference will be dedicated to an award in Janusz's name targeted primarily at students. The award will acknowledge the support generously provided by sponsors such as you.*

**April 24, 2024 | Computer History Museum, Mountain View, CA**

### Sponsorship Opportunities

Sponsorship benefits	Diamond \$25,000	Platinum \$10,000	Gold \$5,000	Silver \$1,000
